PRINCIPAL'S REPORT:

Dear parents,

Our excursion children were a credit to their parents and school. They made use of every opportunity to enjoy themselves and to fully participate in every event. The highlight for everyone was the ice-skating. But I need to add for the benefit of our parents that there was a lot more learnt than just how to skate. The children had many new experiences and learnt about our parliament, democracy, voting system, the planning of our capital city, saving our history for the future, science experiments, facts about our past heroes to name but a few. They also experienced how to look after themselves and be reliable. I was very proud of their willingness to be friendly toward the other school and to mix happily. Part of the unspoken outcome for such an excursion is for the children to mix with children who will be attending their high school in the future.

If you haven't already put your name down to help for a night selling raffle tickets at the local Hotel could you reconsider? We have thirty families. If everyone agreed to come for an hour and a half three times a year we would cover the entire year. The school has been very lucky to have such an opportunity to raise money in this way. It is very little work for a great return that benefits all our children. We will especially need help over the holiday period when holiday-makers enjoy buying a ticket in the hope they win a meat tray. You will not have to do it without someone to show you the ropes.

Congratulations to our swimmers who have worked very hard to improve their swimming ability. Make sure your child is supervised at all times near water but we are pleased with the achievements gained to date.

This Friday the school will be hosting our Kindergarten Orientation with parents in the school library and new kinder students for 2015 in the classroom. Please attend this session and bring with you your child's birth certificate, immunisation records and proof of address if you have not already done so.
